## Garner And McMillan Capture Top SGA Posts

### Learned From The Chimes

Speaking of chimes, does anyone know where went the ones we had around here? Were they stolen, broken, or what? They should be returned, repaired, or else. They used to have such a pleasant sound, especially at the end of a fifty-five minute class period. I'd like to take space here to print a slight retraction, and offer as much in the way of apology and retribution as I'm ever inclined to do. Last issue, I reviled a young man of the campus who certainly deserved no such treatment and most certainly is not a pig. I'm speaking of Mr. Buddy Boswell, a good friend, an accomplished musician, and talented writer. Mr. Boswell, pardon last week's facetious outbreak and accept a peasant's recognition of your talents.

As for recognition, now's a good time to recognize next year's wheelhorse of the Student Government. Congratulations, Joe, and good luck. And the same mark of recognition to the rest of you—all a fine group and we know we can depend on you. Joe's platform contained a plan for air conditioning Chat 'Em Inn, a project which should endear him to the summer sessioners.

I was never much of a footballer myself, and probably I'm not aware of some of the finer points of the game; but I do know enough to recognize the fact that Jax has one exceptional young man about whom no one has bothered to sing any praises; that particular young athlete is Jim Mayben, who work has been a polished quarterback and an eagle-eyed passed for years. Yet he was only allowed to play in the final quarter of the "J" game. Disappointing to some, no doubt, Mr. Mayben managed to turn in some of the game's most best plays in running and

### CC Civic Orchestra Presents Concert

The Calhoun County Civic Orchestra presented a symphony concert, the last of a series of three, in the Anniston High School Auditorium on Sunday afternoon at 4 o'clock.

The program presented consisted of Tchaikovsky's "Nutcracker Suite," Haydn's "Symphony in B-flat Major," and Wieniawski's "Concerto No. 2."

Herbert Levinson, first violinist of the Birmingham Symphony Orchestra, was featured in the Wieniawski concerto.

### S. Kenton Orchestra To Play At Sophomore-Senior Dance

You may dance while Stan Kenton plays to the theme of "Moonlight and Roses" Wednesday evening from eight until twelve in the college gym. Tickets for this gala occasion, this Sophomore-Senior Ball, may be purchased in advance in front of the Grab for \$4.00. They will also be on sale at the dance for \$4.50.

The leadout for the dance will include the sophomore and senior officers and class favorites. They and their dates will enter over a staff-haloed bridge into the midst of a springtime scene of pink and white roses.

An unprecedented opportunity for good music to dance by is available this evening. Take advantage of it!

### Sadie Hawkins Observance To Provide Fun And Hilarity

The Sophomore Class will soon be sponsoring one of the most enjoyable activities on campus—Sadie Hawkins Week. This is an annual event which is scheduled for the week of April 27 thru May 1 for this year.

The schedule of events will run as follows for the week:

Monday afternoon—A Guinea Chase. The girls will buy tickets to have their man chase the guinea in an attempt to catch it.

Monday night—The girls will be free to date the boys, provided that they have bought a license. Otherwise, there will

be no speaking between the sexes.

Tuesday night—A Sock Hop and Tacky Party at Chat-Em Inn. The participants will dress in typical Dogpatch attire, and possibly they will manage to look like Li'l Abner or Daisey Mae.

Wednesday after supper — Kangaroo Court will be in session, and Marrying Sam will officiate. Girls are to wear Sadie Hawkins dresses and the boys should wear overalls. At this time Miss Sadie Hawkins will be chosen. All the girls will be given merits (the boys will write their names on the back

### Cheerleaders Are Selected Following Spirited Tryouts

On Thursday, April 9, tryouts were held for cheerleaders during the J-Day football game, and during the half. The elections for cheerleaders were held in conjunction with the S. G. A. elections on Tuesday, April 14. The cheerleaders were elected by the entire student body, and they were judged on the basis of ability and personality.

As usual, a fine group of people were chosen to cheer for J. S. C. during the next school year. Five of the chosen are returning from last year, and they proved themselves to be very capable during this past year. They are Clark

Gable, Birmingham; Lila Akin, Dadeville; Stacy Shaw, Chickamauga, Ga.; Louise Pickens, Eden; and Franklin Estes, Piedmont. The other regular cheerleaders are Ann McCullars, Lincoln; Wade Smith, Gadsden; and Carol Standridge, Hayden. The alternate for the girls will be Joyce Talley, Birmingham, and the alternate for the boys will be Jimmy Tarver, Alex City.

The head cheerleader will be chosen by the cheerleaders themselves at the beginning of next year. We are very proud of our cheerleaders and we know that they will do the usual very capable job for JSC.

JOE GARNER

### Sonata Recital Set Tuesday

Dr. Robert Louis Barron, violinist; and Albert Singerman, pianist, both members of the Jacksonville State music faculty, will be presented in a sonata recital Tuesday evening, April 21 at Leone Cole Auditorium. The program will be sponsored by the Department of Music.

The two artists will give the following program:

Sonata No. 5 in F Major, Opus 24 (Beethoven), Allegro, adagio molto espressivo, allegro molto, allegro ma non troppo.

Sonata No. 2 in A Major, Opus 100 (Brahms), allegro amabile, andante tranquillo vivace, allegretto grazioso.

Sonata in A Major (Franck), allegretto ben moderato, allegro, recitativo fantasia, allegretto poco mosso.

On Tuesday, April 14, some 929 Jacksonville students crowded the polls to vote for their choice for next year's SGA officers and cheerleaders. This vote set a new high in elections at Jacksonville State, and the SGA was pleased to see the interest and enthusiasm during the entire campaign.

Winning in the race for president was Joe Garner. Joe is a Junior from Hartselle, and he has been one of the most outstanding participants in campus activities since he came to Jacksonville. He has served as a cheerleader, president of the junior class, and was appointed to fill the office of treasurer of the SGA during the summer session. Joe can be described as "the happiest and most surprised boy on campus."

Unopposed for the vice-president's seat was Don McMillan. Don is a friendly red-headed sophomore from Brent, Ala. His major is Mathematics, and his minors are Physics and Physical Education. He has been active in the Baptist Student Union, Alpha Kappa Pi, and last year received a citation for his academic standing in ROTC. Don looks forward to serving with the other officers for the interest of the students at Jacksonville.

Happy, and excited because she was elected as secretary is Tressie Smith. Tressie is a junior from Birmingham and is majoring in Business Education. She has had considerable experience in this field in that she is secretary of FBLA, works as a student secretary in the business department, and holds a summer job as secretary for a Birmingham business firm. She promises her best effort.

(Continued On Page 2)

### Religious Emphasis Week Set Week Of April 27-May 1

Jacksonville will be the scene of Religious Emphasis Week from April 27 through May 1. The theme will be "Decisions—Destinations". The students on the Religious Emphasis Week Committee, headed by Charles McCain and Jeffrey Smyth, and advised by Dean Willman, have planned a program which they hope will be of benefit to the students at J. S. C.

The timetable for the Week is tentatively set as follows:

On Monday, the 27th, the campus religious organizations will carry the burden of emphasis. On Tuesday and Wednesday morning there will be an assembly of students in the Leone Cole Auditorium to hear

addresses by the main speaker, Dr. John Buchanan of Birmingham. He will speak on "Love Courtship, and Marriage," and "Where Do We Go From Here"? Small group discussions will be led by ministers representing the various campus faiths on Tuesday and Wednesday afternoons. On Thursday, the campus religious groups will again be the center of emphasis.

The committee also has in mind follow-up plans and activities which will be carried on during the remainder of the school year.

It is hoped that Religious Emphasis Week can become one of the big things on the J. S. C. campus each year.

## EDITORIALS

# Why Criticize...?

By Diane Shutley

We find it rather incongruous to hear some of the remarks made by some of our older students about J.S.C. Some feel that the academic standard is not what it should be, and we are always being compared to Auburn and the University socially.

Perhaps some of our older friends should take time to consider just what a wonderful college we have. There is no doubt that our academic standards reach a higher level each year, due to the efforts of Dean Montgomery, the administration, and our fine faculty. Each year courses are being improved, and the curriculum is constantly being tailored to meet the needs of both our accrediting agencies and the students.

As to our social life at J. S. C., perhaps our size and the dry county in which we reside keeps us from wild and woolly activities. Our friends completely overlook our Sock Hops, our big dances, and the forty different campus organizations to which many, many students belong. It might also be noted that many of our older friends miss the opportunity to make lasting friends with the others in our dorms, partly because they have exceeded their younger days and are concerned now with children and husbands.

It is also irritating to hear our friends comment on our complete lack of study. It is completely overlooked that many of us are working our way through school. This is proven by the large number of students who average from forty to forty-eight hours a week in class and at work. Admittedly, this leaves very little time for "great scholastic achievement," but this also does not mean that we do not care. We are doing the best we can under the circumstances. Certainly, we would like to make A's in all our courses, but for the privilege of going to school and of improving our chances for a happy, productive, and worthwhile life, we are willing to take the penalties of B's and C's, and even perhaps, an infrequent failure.

But we feel that all the worry and the effort will be of advantage to us and to our associates. We do not consider ourselves a part of the "Beat Generation." Neither do we think that the world owes us a living. We are trying, in the face of a future world war and continual economic and social unrest, to prove that we do care, that we are not interested in ourselves alone, and that when we are the leaders of the world, perhaps we can fulfill our responsibilities in a respectable manner.

We are glad that our older students have the time, the incentive, and the opportunity to further their educations, but we feel that we are also worthy of consideration. We can only act and react within the scope of our experience, but we are not, as some would lead you to believe, unwilling to learn.

## GARNER

(Continued From Page 1)

fort in next years' SGA duties.

The treasurer's race failed to pick a winner. The two leading candidates, Bill Lazenby, and Bob Taylor, will have a run-off election on Tuesday, April 21, to see which gets the deciding vote. Each candidate, of course, promises cooperation and earnest effort in executing the duties of the office. Both are nervous and excited about the run-off, and would like to see another big turn-out for the election.

The SGA wishes to apologize for the lack of voting machines for the election, but due to circumstances of a national holiday the machines could not be secured from the county. The ballots were counted by "Peanut" Sherrell, chairman of the election committee, and Melba Young, secretary of SGA

Every ballot and the official tabulation of votes will be kept on file in the SGA office for at least one year. If at any time the student council feels that a re-count is advisable, Dr. Anders and the election committee will be happy to review the ballots with SGA.

The SGA and the COLLEGIAN would like to extend congratulations to each candidate. The whole campaign was successful, enthusiastic, and apparently on friendly terms. To the voters; we would like to say thanks for your interest—may it continue to grow! To next year's officers we wish to extend best wishes for a prosperous and growing Student Government Association!

## Banquet Is Held By BSU Members

By Janice Kilgore Nabors

On Friday, April 3, the annual B. S. U. Spring Banquet was held. The theme for the banquet was "Christ Our Light", and the speaker was the Reverend Harlice Keown, of Saks Baptist Church.

One purpose of the banquet was the installation of officers for 1959-1960. The new officers are: Gerald Patterson, president; Crawford Nelson, vice-president; Evelyn Nelson, secretary; Paul Redden, treasurer; Shelby Chandler, enlistment chairman; Mary Liveoak, devotional chairman; Conrad Wellbaum, publicity chairman; Tom Camp, music chairman; Mary Davenport, missions chairman; Ira Dean Harris, pianist; Patsy Spraggins, Sunday School representative; Margaret Eason, Training Union representative; Donna Griffin, citizenship chairman; Betty Sue Williams, Y. W. A. leader; Phillip Herron, brotherhood representative; Virginia Nethery, Morning Watch chairman; Moliene Cheatwood, social chairman; Mary Nell Veazy, "Breeze" editor; Don McMillian, Student Center director; Miss Mary Moss Goggans, faculty advisor; and Dr. Billy Adams, pastor advisor.

The B. S. U. is having some very inspirational morning watch and vespers services this semester. Morning Watch is at 7:45 A. M. and Vespers is at 6:00 P. M. The theme for Vespers this week is "Faith is the Victory," and Mary Liveoak, devotional chairman, has two guest speakers and two college students to speak on the topic for the week.

If anyone attended Vespers for his first time last week, he probably thought of an athletic event. When announcement time came Wednesday and Thursday nights, two chants were heard: "Everybody's going to Shocco Springs" and "Hey, hey, whaddaya say? Shocco Springs all the way!"

Why not start this day the B. S. U. way with "A student's prayer?"

"Heavenly Father, As I wait in the stillness of Thy Presence, grant that nothing in me may be hidden from the light of Thy Truth. Grant that I might see myself as I really am, to know what I really believe.

May I go to each class this day with an open mind and heart, making the most of the opportunities of learning. As I study the thoughts of great men and learn to appreciate the creation, art and music and science, may I realize the fuller meaning of life.

May I never take anything for granted in my search for Thy Truth. Help me to never be satisfied with my life as it is. But may I continually probe deeper and search further. Grant insight into the problems of this day and the courage to face its challenges. So fill my heart with Thy love that each person with whom I come in contact may know that I belong to Thee.

I give Thee thanks for the guidance and inspiration of teachers, the love of friends, the benefits of Christian education.

May I grow in the knowledge and understanding of our Lord and Savior, Jesus Christ, in whose name I pray. Amen."

Kathryn Siquefield

## SPOTLIGHT

# Beauties From Four Classes Share Collegian's Spotlight

In the fall, each class selected three pretty girls to represent the class as beauties in the yearbook. The final selection of "The Beauty" for each class was left up to Lee Castle, leader of the Jimmy Dorsey Orchestra. Lee made his selection on Dec. 18 when he appeared here for the Freshman and Junior Dance; but this information has been kept in secret by the MIMOSA staff. Today Editor Hal Butler announced the selection as they will appear in the MIMOSA.

Mrs. Frankie Powell will represent the Senior class. Frankie is a Biology major from Fort Payne. She has been a marching ballerina for two years, and was selected as queen of the military ball for two consecutive years. She has been featured as a beauty twice before in the MIMOSA and has received numerous other honors because she is so naturally pretty. Her husband, Phil, is one of those fighting Gamecocks.

The junior class beauty is Miss Gaynell Miller. Gaynell is a transfer for Snead College where she was featured in the yearbook for two years as a beauty and was honored on many occasions for her looks. She is a major in mathematics, to prove she has brains as well as beauty, and is a member of Pi Gamma Mu and Kappa Delta Epsilon. This summer, Gaynell will become Mrs. Bruce Thornhill.

A cute and sweet smile won Miss Joan Lasseter the title of sophomore class beauty. Joan is a native of Gadsden and is a graduate of Gadsden High School. Her major is Business Education, and her minor is English. She is a member of the FBLA, and is currently service as secretary of the sophomore class. Her blonde hair and relaxed charm mark her as a pretty girl worth meeting.

A pert little Sand Mountain gal captured top honors in the Freshman class. She is Miss Jean Powell from Albertville. Jean is a striking charmer who won class beauty every year in her high school class. She has been selected for the COLLEGIAN'S Gem of the Hills, and is already known as one of the prettiest girls on the campus. Don't be surprised to see more of her before she graduates!

The COLLEGIAN is happy to turn its spotlight on such an array of beauty. The choices are superb and each selection can definitely be called a Beauty. Congratulations!

## Phi Mu Chi Report

By Ava Ann Nichols

On April 7, Phi Mu Chi Beta held its regular meeting with a special program presented by members of the Pathology Department of the Holy Name of Jesus Hospital from Gadsden. Those who failed to attend missed one of the best programs of the year.

Members of the science club, the sponsor, Mr. Hicks, and the president, would like to take this opportunity to extend their thanks and appreciation to those who came from the hospital and presented such a fine program.

At any time a special pro-

MRS. FRANKIE POWELL

GAYNELL MILLER

JOAN LASSETER

JEAN POWELL

gram is presented by the club the ones who are not members have an invitation to come—free of charge.

Next week, April 21, a special program will be presented by the math and chemistry departments.

The science club is progressing and is now one of the most active clubs on the campus.

## Phi Beta Lambda Banquet Features Airline Executive

"Seeing Airline Transportation Through The Consumer's Eyes" was the message brought by an airline company executive to members of Phi Beta Lambda at its annual Awards Banquet held Tuesday evening, April 7, in the Jacksonville High School cafeteria.

Jimmy Davidson, chapter president, was master of ceremonies, and Horace Harvey, Alabama State FBLA President, introduced the guest speaker, Mr. Henry Gobeil, of Birmingham, District Sales and Traffic Manager for Eastern Airlines.

The cost of the airline transportation has advanced tremendously, keeping pace with the fantastic developments of the air and space age during the half century since the Wright Brothers launched their first airplane in 1930, Mr. Gobeil said. Yet, he pointed out, the rise in the cost of air transportation to the consumer has advanced only slightly more than 2%, a negligible rise in comparison with the advances in other living costs during the last few years, some more than 100%.

The recent strike of Eastern Airline employees cost the company 2½ million dollars a day. This, said the speaker, points up the increasing problems facing management in its labor relations. This company alone, he said, pays 75 million dollars a year in federal fuel taxes which is more than the net profit of the entire airline industry.

Mr. Gobeil advocated that Alabama should offer more inducements to bring the aviation industry into the state, rather than to discourage it by high aviation fuel taxes. With reference to opportunities in aviation in all its fields, excluding the military, one out of 84 persons in the U. S. is employed by the commercial aviation industry, transportation, manufacturing, research, etc.

### Awards Given

Following Mr. Gobeil's address, Miss Lucille Branscomb, head of Jacksonville's Business Education Department and State FBLA Director, presented the following awards:

For outstanding scholarship in the field of Business Administration were the following seniors: Jack Borden, Heflin; Jimmy Davidson, Gadsden; and James Southerland, Jacksonville. Miss Branscomb mentioned that Mr. Southerland has just been selected by a prominent American company as its choice for the applications of business seniors from eight universities and colleges in the South.

Other students recognized for scholarship were two juniors, Mary Jim Ingram, Pell City; and Shirley Pike, Jacksonville; Joan Lasseter, sophomore from Gadsden, and Janice Williams, freshman, Borden Springs. Also honored were the following FBLA members who have been outstanding in leadership and service to the state and local chapters of the Future Business Leaders of America and have made noteworthy contributions to other business student activities and projects: Horace Harvey, Birmingham, Alabama State FBLA president; Dean White, Billingsley, State FBLA treasurer; Jimmy Davidson, Gadsden, chapter president; Don Adwell, Birmingham, chairman of the FBLA Placement Bureau; and Joan Lasseter, Phi Beta Lambda queen and secretary to the Placement Bureau.

Gene Motley, Lanett, first vice-president, was in charge of the banquet arrangements. Other local officers are Glenn Smith, Gadsden, second vice-president; Tressie Smith, secretary; Robert Taylor, Remlap, treasurer; and Joan Mauldin, reporter. Mr. George Crawford is chairman of the Phi Beta Lambda faculty sponsors, made up of members of the business education department which include Mrs. Lawrence Hicks, Mr. Floyd Tredaway, Mr. Carl Walker, Mr. Samuel Hatcher, and Miss Branscomb.

Home Ec Conclave Observed At JSC

On April 10 and 11 The Leone Cole Home Economics Club and members of the home economics faculty were hostesses to delegates of the College Section, Alabama Home Economics Association.

## Home Ec Conclave Observed At JSC

Home economics majors were present from clubs at Alabama Polytechnic Institute, Alabama College, Florence State College, Howard College, Huntingdon College, Judson College, Snead Junior College, the University of Alabama, and J. S. C.

Dr. E. Neige Todhunter, Dean of the School of Home Economics, University of Alabama, was honored at a luncheon which was given at President Cole's home on Friday. Mrs. Mary L. Lowrey, head of the department at Jacksonville, is president of the Alabama Home Economics Association.

The events of the convention included registration and a business session, a banquet, reception and dance, on Friday. On Saturday a program was presented by the International House students, new officers were installed, a tour of the campus was made, and coffee was served at the International House.

The speakers at the convention included Dr. Leon D. Willman, Dean of Students; Dr. T. E. Montgomery, Dean of the College, Dr. Houston Cole, President of the College; and Dr. Todhunter, of the University of Alabama.

By Wanda Walton

Blame the virus (everyone else does), and spring fever for our missing the last issue of the COLLEGIAN.

It appears we aren't the only ones affected with the fever—a few examples—love in full bloom. Ramona Love and Norman Smoake—Spring Cottons with colorful flowers to catch your eye—Certain students day dreaming (or should we say sleeping) in 9:00 o'clock geography. Clyde Swint's blistered "receding" hair line—The Don Wilsons and the Robert Justices' telling fish tales (21 bass), the new hair cuts seen on very attractive freshmen girls and finally the invasion of Daugette Beach.

The big smiles on a few of the men around here is the pride in their first son showing E. G. Taylor, Jerry McNabb and George Cooper head this list.

To the brilliant person who conceived the idea of a Student Director we give praise! It is, without a doubt, the most useful thing to have been produced lately. Hats off the Business Discussion Group for all their hard work.

We join all of you in waiting for our new SGA President to make those campaign promises (TV, juke box, telephone) about the lounge. The commuters with him luck.

Welcome Omega Delta Phi to Commuters Lounge—Let's unite our efforts for the good of the entire student body.

The spastic jokes are disgusting and gruesome. If you happen to hear one, think before you laugh to make sure it's really funny.

Passing thoughts—the entrance to our favorite campus should be named Dogwood Drive—pure beauty—Did you hear about the 3rd shift calling Akron one night (to be understood by Gadsden Commuters only) and the news reaches us that Betty Watford was once featured in the beauty section of Mimosa and so very much deserved too.

## Special Awards Set For JSC Students

Recognition will be given to the intellectuals as well as to athletes at Jacksonville State College in the future because of a plan set up by the Student Council and approved by the faculty, it has been announced.

Because of a growing demand for "lettermen" (and women) in the Three R's to meet the challenge of the technological age, emphasis has been shifted to glorify scholarship, as well as to make heroes of those whose records are made on the athletic field.

Jacksonville is among the first colleges to set up a plan to bring about this change of emphasis, which has been outlined as follows:

In order to qualify for this academic recognition, freshmen must have a B average at the end of their first year, at which time they will receive a letter of commendation from the president of the college; at the end of their sophomore year, they will receive a cer-

## Beatnik Boswell's Column

Hello again, you crazy, crazy people! Man, did you dig the cool sounds the chimes rang out last time this rag came out? Cool, cool . . . almost like music, but the part about me was a bit noisy and off-key. Big Norman called the man a pig . . . a pig no less. I think the chimes have "bats" in their belfry! I'm digging a big novel at the present entitled "Cozy Hick" by that swinging Beatnik Herman Melville. Did you dig, Gig? Ready for more . . . then here's the score!

This crazy weird cat called Ischapel shared a pad with a cool savage who dug the latest happenings in **Down** and **American Musician**. This crazy cat, who by the way blew the craziest harpoon, decided to ship out with Ishachapel on a South Sea Island cruise on the good yacht, the Pequod. Now the captain of this tub was named Captain Arab. (and he spoke the craziest Egyptian) Arab really dug sounds that the Cozy Hick (a white sardine who blew tunes out of a hole in his head) blew and the last time he heard the sounds his leg got bit off when the Cozy Hick came down on a C flat when it should have been a D. At any rate the man had to hear it again, he wanted to sign the Cozy Hick up to a contract with RCA Snicker for six gallons of sperm oil a month. What a deal, but this crazy fish didn't fall for the line and he

just simply refused the juicy offer: therefore, he decide he should open a recording company of his own first learning on the ship and then blowing Captain Arab out of his head with the rest of that cool jazz.

I forgot to mention Mate Starstruck who didn't dig the Cozy Hick's sounds and for that matter didn't dig Captain Arabs' sound either. Starstruck was strickly from the Lumbago and the Welk school of jazz and this Arab just didn't blow in his key. Therefore, Arab offered 20 sazophone reeds to the first cat to spot Cozy Hick and he also offered a crazy recording contract to him. The crew went wild . . . they really blew some swinging sounds thou, even the ever-cool savage from Brazil cut loss on a hot chorus with is harpoon railing atar spot in the brime. Everybody was happy. The savage brought out his god, an old Christmas tree done up with pages from the Kinsey report and they sang to it all night. The next day Cozy Hick was spotted teaching Sociology to the other cool whales in a jam session. Arab went out in his private yacht to talk jazz. "What do you work at man," Arab said, "I mean besides blowing cool sounds and making like a giant sardine?" "Me?" answered Cozy Hick. "I'm the last of the great romantic poets. And let me tell you, the country is a heck of a fix when a sea-going bellhop can come up to a great poet and ask; 'Where do you work?' Imagine, where do I work, me, the last of the great romantic poets!" With this poppa Cozy Hick began to blow the coolest sounds from that little hole in his head. He et the Arab and his entire crew . . . everything except the hero, one Ischapel who escaped to an Island and started another progressive outfit called, "The Hairy Armpits!"

Well, I guess that's the story readers with apologies to the English Department. See you next week and oh, yes . . . what do you do when you can't gargle.

Boz

SADIE

(Continued from page 1)

of the license) for doing good deeds, such as carrying the books for the men. The girl who has the most merits will be elected.

Thursday night — A Square Dance in front of the Chow Hall.

Friday night—The girls will be free to date the doys.

The licenses for the girls will be on sale on Thursday and Friday, April 23 and 24, in front of the Grab. The price will be 25 cents. The licenses will also be on sale in the Chow Hall on Monday, April 27. The girls who are going steady will be required to purchase a steady license for 50 cents if they wish to participate. All the proceeds from this hilarious week will help to pay for the Senior-Sophomore Dance.

Deputies have been appointed to apprehend offenders during this week, and the offenders will be brought before the Kangaroo Court on Wednesday.

Louise Pickens is the Social Chairman of the Sophomore Class, and is in charge of this affair. The other class officers of the Sophomore Class are also on the planning committee.

## New Honor Society Is Organized Here

Something new has been added, or, at least, it's new to Jacksonville. The Jacksonville Chapter of Pi Gamma Mu, the National Social Science Honor Society, was organized April 15. The privilege of membership in the society is granted to those who show unusual interest and aptitude in the social sciences.

Dr. Anders, faculty advisor, presided at the meeting, and officers were elected. James Short was elected president; Jimmy Surret, first vice-president; Shelby Tankersley, second vice-president; Katie Downs, secretary and treasurer; Inez Mitchell and Edna Brown, reporters.

A banquet preceded by installation ceremonies will be held in the near future.

## ODP Sponsoring Tennis Tourney

Omega Delta Pi will sponsor a tennis tournament beginning April 20.

The tournament will be divided into three divisions with an award for each division. One division is for girls only and another for boys only. The third division will be for clubs and fraternities on the campus.

Those interested in entering this tournament should get in touch with any member of Omega Delta Pi. There will be an entrance fee of 50 cents per person.

tificate, if they have maintained a 2.25 average for both of the freshman and sophomore years. At the end of their junior years, with an over-all average of 2.25 they will be given the final award—a lapel pin—which will become their permanent property.

### SECOND GUESSING

Every player on the Jax State baseball team needs to be recognized . . . and so he will be before the seasons end; but one definitely deserving praise is centerfielder Jimmy Emfinger, Jim, a most reserved, quiet and well mannered young man, is hitting with great consistency, maintaining a .400 batting average. He is also leading in the home run column with four round trippers to his credit.

Jim finished at Tallassee High School in 1954, where he played baseball and basketball. Jim served two years in the Army, in which time he played service baseball in Japan. The service team of which he was a member, won the Far-East baseball tournament and played in the All-Service tournament. Jim was selected on the Japanese All-Star team.

After leaving the Army, Jim played freshman baseball for the Auburn Tigers before transferring to Jacksonville in '58.

Coach Lovrich's Jax State baseball team started of the season like a house-a-fire and the winning pace seems to be quickening. Every team has an off day . . . Jax State had theirs one rainy Saturday afternoon . . . they dropped a double-header to Troy State 6-2 and 8-2. However they bounced right back with a triumph over tough Ga. State 9-6 and a 11-1 routing of St. Bernard.

This isn't to compare teams or prognosticate a J'ville victory, but Troy won decisively two games from Howard College and Howard took two games earlier in the season from Auburn, defending S.E.C. Champs. Here is one fan who thinks Jacksonville should schedule several games in the year to come with SCE teams.

Jacksonville's baseball team boasts the best utility in-fielder collegiate baseball. He has a fantastic batting average of .750 . . . that is through April 15 game with Southern Union. He is none other than Sam (just for you) Kennamer from Rising Fawn, Ga.

Anyone who tells you these intramural softball games aren't rough, don't believe them . . . our Miss Editor can vouch for that.

### SPORTS SHORTS

"Just a bunch of boys that love baseball." These words described Coach Frank Lovrich's Gamecocks to a "T".

A few days ago I had the privilege of going with the baseball teams to Atlanta where they played Georgia State. It was there that I realized what a sacrifice these boys are making—all for the love of baseball. Like all students these boys have term papers to write, tests to study for and outside reading to get. But, unlike, the ordinary student they spend anywhere from 12 to 20 hours a week practicing and playing baseball.

Jacksonville does not give baseball scholarships, so these boys receive no financial benefits from the school. Some of them are married and must add extra jobs or workshops to an already heavy schedule.

Recently while on a week-end baseball trip into Tennessee the Jax State athletic bus, commonly call the "Blue Goose", broke down in Chatsworth, Ga. The Gamecocks determined not to miss the ball game traveled 56 miles in two pick-up trucks to Athens, Tenn. The boys then chartered a bus to carry them to Maryville to complete their tour. This exhausted the trip funds provided by the school and the boys had to buy their own meals.

When Jacksonville opened its home season with Berry there was a tremendous crowd out to back the Gamecocks. The players and Coach Lovrich really appreciated this turn out. They worked hard this year getting the Mill Field in shape and putting a fence up. They have done this in addition to daily practice. However, they feel, as everyone does, that this is OUR team. A team that belongs to the students of Jacksonville State College.

There are still a lot of things that need to be done at the local field. There is a great need for bleachers and some sort of score board. Let's all of us, the students of J'ville, back these improvements and also back that bunch of boys that love to play baseball.

Coach Frank Lovrich . . . his Jax State baseball team is having its finest season, having lost only two games thus far this season.

### Whites Take 'J' Day Game

An inspired and determined White squad, led by Rayford Talley, Ray Gentles, Tommy Maddox, and Wayne Keahey defeated a squad of veteran Gamecocks 13 to 6 in the annual J-Day game.

The favored Blacks scored early in the game with Bill Nichols going 11 yards for the touchdown.

The Whites came back the second half and pushed across two touchdowns to take the victory. Wayne Keahey scored the first six points and Jim Clepper drove in the winning touchdown.

This was possibly the best spring training Jax State has ever had and surely they have never had a team with more depth of talent, spirit and hustle. Coach Salls commented, "this has been our finest spring training. We came along fine with our running offense and improved our defense", Coach Salls expressed, however, he was not completely satisfied with the passing offense.

Come next fall, there appears to be serious competition between Bill Kinzy, Ray Gentles and Jim Clepper at left halfback; Rayford Talley, Harold Shankles, and Jim Mayben at quarterback; Wayne Keahey, Charles Clark and Arlin Carter at fullback.

Veterans who seemed determined to hold their position are Ted Boozer, end; Jerald Halpin, end; Jim Glasgow, tackle; Grover Whaley, guard; Roy Fulmer, tackle; Bill Nichols, halfback; and Charles Clark, fullback.

New boys showing desire during the spring were M. G. Hodges guard; Tom Maddox, center; Ray Gentles, halfback; Arline Carter, fullback; Ronnie Horton, halfback; Charles Baker, tackle; and Wayne Keahey, fullback.

Also picked from the new boys as good prospects, minus 30 pounds, are Jack Gauldin and Bob Johnson.

Assigned as utility players were Jerry Duke, who will play halfback and end. J. E. Phillips will alternate at center and end.

BRIEFS . . . Jim Glasgows, Jax State tackle, has caught the eye of pro football scouts and it seems they are interested in the big 240 lb. lineman. He has been talking with the Chicago Cardinals and Saskatchewan of the Canadian League.

### Gentles, Whaley, Maddox Named JSC's Top Gridmen

Even though the night was a little damp, it was a great night for football and football players. The annual "J Day" game was filled with many individual stars. It was a hard choice deciding who was to receive the trophies for the best performances by a lineman and a back. When the final votes were cast the decisions were made. Every one agreed with the choices of Roy Gentles as the outstanding back and Grover Whaley and Tommy Maddox tied for the outstanding lineman award.

Ray Gentles came to Jacksonville in January of this year.

Ray played high school ball at Scottsboro and is acclaimed as one of the greatest backs in the history of the school. A 1957 graduate, Ray went to school at Auburn for one year. When next fall rolls around this speed demon will give the Gamecocks another potential Little All-American performer. A threat every time he gets his hand on the ball; the name of Ray Gentles will put a pang of fear in the heart of the coaches of Jax State opponents.

There is not a more likable man anywhere than Grover Whaley. The wide, short man who has a limited vocabulary of hot dogs, ham burgers and sandwiches, is quite a football player.

WHALEY Wedowee was a regular last year and you can bet your bottom dollar that Grover will give everybody fits in the fall of '59, his senior year here on Soloman Hill.

### Jaxmen Defeat St. Bernard, 12-1

It was a cold, windy afternoon last Monday but the Gamecocks made it plenty hot for the Saints from St. Bernard College. Behind the superb three hit pitching of left-handed Ernest Willingham the Gamecocks topped St. Bernard 12-1 to get back on the winning road after dropping a double-header to Troy on Saturday.

The Saints got off to a great start as lead off man Charles Evans tripled. Frand Duke flyed to deep center field allowing Evans to score the Saints only run of the day.

It seems to be a great day for lead off batters. In the bottom half of the first Hondo Wilks was the first Gamecock to face the offerings of Bob Waldrop. The Gamecock lead off man tied up the game with a home run over the left field fence.

The big inning for the Gamecocks was the fourth with the score tied 1-1 and two away and Don Traylor and Ernest Willingham on base, Hondo Wilks doubled to drive in two runs.

Ernest Willingham was the winning pitcher.

### Gamecocks Down Southern Union

Behind the hitting of Hank "Deacon" O'Neal and the pitching of Charles Bohannon and Butch O'Neal the Gamecocks chalked up their sixth win of the season with a 9-3 victory over Southern Union. It was the second victory of the week for Coach Lovrich's as they had slaughtered the St. Bernard squad in a home contest on Monday.

After two innings of hitless ball for both squads, the roof fell in on the home town Bisom. Don Traylor, the first man up in the third reached base on an error. After Bohannon struck out Hondo Wilks singled scoring Traylor. Jim Emfinger walked. Then Hank O'Neal homered to give the Gamecocks a 8-4 lead.

The Gamecocks scored one run in the seventh, two in the eighth and two more in the ninth. The J'ville boys collected seven hits off of three Southern Union pitchers. Hank O'Neal led the hitting parade with a home run and a single in three trips to the plate. Don Traylor had two singles. Butch O'Neal Hondo Wilks and Bob Ford also hit safety for the Gamecocks.

Charles Bohannon stayed on the mound for the Gamecocks.

### Intramural Games Gain In Popularity

Woody Hamilton's "Governors" fought off a fifth-inning Jolter rally and used an eighth inning homer to chalk up their first win of the season. In the top of the fifth while trailing 7-3 the Jolters took advantage of four walks and hits by Jenkins and Wilson to tie the game and force it into extra innings. It was the bottom of the eighth when lead-off batter Wade Smith belted one for a circuit trip and 8-7 victory for the Governors.

Woody Ragen, with a triple and a single, Don McConkey with two singles, and Smith with a home-run were the leading hitters for the winners. Bobby Jenkins and DeWitt Dodd each had two hits for the losers. Don McConkey was the winning pitcher and Dodd was credited with the loss.

The Vets, behind the fine pitching of Jim Hodges, eased by the Duces by a 5-1 score.

Old Pannell used the fine pitching of Hondo Wilks and a total of eleven hits to wallop the Governors 11-1. In a game that was played under protest that Wilks did not allow a Governor hit in the four innings that he pitched. Richardson had a triple and two singles. Harris and Johnson had two singles each for the Old Pannell team. Browning, Bain, Page and Bowman hit safety for the Governors.
